Tony Ciciretto
Operations Manager

MICCO Construction, LLC Announces A New LEED® Accredited Professional

Pontiac, Michigan—March 24, 2008. . . Tony Ciciretto, of MICCO Construction, LLC (MICCO), recently earned LEED® (Leadership in Energy and Environmental Design) accreditation from the U.S. Green Building Council. A LEED Accredited Professional demonstrates a thorough understanding of green building processes, the LEED Green Building Rating System and the certification process. LEED accreditation further distinguishes building professionals with the skills necessary to successfully steward projects through the LEED certification process. With its dramatic increase in LEED AP staff members, MICCO has solidified its place among the leading sustainable construction firms in Michigan.

“Green building principles have always been central to MICCO’s sense of professional responsibility,” states Bob Washer, executive vice president and general manager. “Now we have the staff to match our commitment.”

As MICCO’s operations manager, Tony brings to his projects more than 12 years of diverse construction experience. His expertly managed construction teams deliver timely and cost-efficient projects on time and within budget. His projects include Bloomfield Park, Wal-Mart Stores, Inc. and DTE. Tony earned a Bachelor of Applied Science in Civil Engineering from the University of Toronto.
